

## Build a 3D Longship

Using cardboard, paper, or recycled materials, make a simple Viking longship model. Add a sail and dragon head if you like!

## Create a Fact Poster

Choose either the Vikings or Anglo-Saxons and make a poster with 5 interesting facts. Add drawings or pictures to make it eye-catching.

## Create a comic-strip

Create a comic-strip for an Anglo-Saxon raid on a village.

## Draw or Research an Anglo-Saxon Village

Create a picture of a village showing houses, farms, and people. You could also label what each part was used for.

## Year 4 – Spring Term – Anglo-Saxons and Vikings Home Learning Challenges!

**Pick and choose some tasks to complete at home and bring in to share with the class! These are not compulsory but optional extras for anyone who would like to complete some home learning based on our class topic.**

### Visit the Anglo-Saxon church in Wootton Wawen

## Light and Shadow experiment

Vikings used sun shadow boards to find their way when travelling. These devices were a bit like a sundial: they used shadow to find the direction they were travelling in, but they only worked on sunny days.

*Carry out your own scientific investigation*

Which materials cast good shadows? Can we use shadows for things other than telling time or direction?

## Write a Short Diary Entry

Imagine you are a Viking child or an Anglo-Saxon child. Write a short diary entry about a day in your life (what do you see, wear, or eat?).

## Create a map

Create a map showing where the Vikings and Anglo-Saxons came from and where they settled in Britain. You may like to add arrows to show their journeys across the sea.

## Design a Viking Shield

Create your own shield pattern on paper or card. Think about colours, shapes, and symbols Vikings used for protection and identity.
